### **3 Days! Sustainable Salvage Design Seminars National Salvage Design Expert Shannon Quimby**

Interior Design Author, Photo Stylist & HGTV Alumni

#### **Friday 7pm: The Most Sustainable Building Materials**

Lessons from the 1<sup>st</sup> Home ever deconstructed and re-built without a dumpster with The REX Project, Reuse Everything eXperiment. Discover how to save thousands of dollars reusing and recycling construction materials. This is the biggest project of Shannon's career and has been coined as the REX project. Shannon recycled 100% of an old, dilapidated home into a stunning and stylish newly constructed home in Portland, Oregon. Learn what is obtainable, what materials cost, and what materials make sense in the northwest.

#### **Saturday & Sunday 11:30am: Salvage Wood Design & Décor - Win PRIZES! Tour of Interior Design Projects All Made From Scrap Wood!**

Learn how piles of scrap wood can be turned into stunning interior designs. Discover how creative thinking and a little bit of elbow grease can take old pallets and fencing to stunning décor on a budget. Shannon will suggest creative ways to rethink, reuse and refurbish!

#### **Saturday 4:00pm & Sunday 2:30pm: Repurpose DIY Design & Décor - Win PRIZES! Insider Secrets for Stunning Interiors in One Hour on a Budget.**

Learn how to reuse, recycle, and add flare to your home with Shannon's one hour projects for putting wow into your interiors. Shannon will demonstrate cost effective décor ideas created from common household junk.

After each seminar, Shannon will be doing book signings of a new book *Salvage Design & Décor*.

**Shannon Quimby-** Salvage Designer, Photo Stylist, published author and HGTV alumni is ready to inspire Oregonians to pull up their sleeves and reuse items commonly considered trash. Shannon is an internationally acknowledged designer and national guest speaker of HGTV, ABC, CBS and Fox. She has styled hundreds of home interiors the nation's leading magazines including County Living and Better Homes & Gardens. She has been also a contributor to The Oregonian Homes & Gardens since 2005.

Her home, the REX Project, is one of the nation's first homes to be built without waste and was a ground breaking success of recycling 100% of an old home into a new one. French Glamour, Houzz, HGTV and dozens of publications have documented its sustainable accomplishments.
